PUBLIC WORKS DEPARTMENT, BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION No. 412.

The 6th December 1881.

THE following annual accounts and abstracts of the reports of the Road Cess Committees of the Patna, Gya, Shahabad, Mozufferpore, Durbhunga, Sarun, and Chumparun districts, of works done and in progress during the cess year 1879-80, together with the remarks thereon of the Commissioner of the Patna Division, are published for general information.

G. F. E. S. NEILL, Major, M.S.C.,
Asst. Secy. to the Govt. of Bengal, P. W. Dept.

Abstract of a Report by the Chairman of the District Road Committee, Patna, in the Committee's operations for the cess year 1879-80.

THE cess collections amounted to Rs. 1,60,297 against a demand of Rs. 1,91,394, inclusive of the previous year's arrears amounting to Rs. 31,938; and the balance outstanding at close of the year was Rs. 31,097.

The District Committee showed great interest in the administration of the fund; but the frequent changes of the sub-divisional officers interfered with the usefulness of the Branch Committees.

Good progress was made on the road from Bukhtearpore, on the East Indian Railway, to Behar; ten out of twelve large bridges were constructed, and the embankment raised throughout: materials for metalling were also collected, and metal spread over a considerable portion of the road. The metalling of the road from the Bankipore Railway Station to Khagoul, six miles, was completed. Very little progress was made, however, in connection with the projects for raising the embankment of the Dinapore-Manair road, and for raising and bridging the Futwa-Hilsah road, owing to the estimates having been sanctioned late in the working season.

The principal roads of the district received surface repairs, in order to make them fairly passable for general traffic; but almost all of them are defective in alignment and construction, and a considerable sum must be spent on them before they can be put into good order. Provision has been made for heavy repairs to nearly all the district roads during the current cess year. The expenditure incurred on village roads was very small, viz. Rs. 938. During the latter part of the year a form of application was introduced for village road grants, and the Branch Committees, as well as the members of the District Committee, were asked to encourage villagers to apply for grants. These measures have not yet borne much fruit, but it is hoped that better progress will be made this year, as a liberal grant has been made for this purpose. Fruit-trees, as well as a few mabogany trees, have been planted on 78 miles of road, and the Committee intend to devote greater attention to this matter in future. The several establishments under the Committee have worked fairly well.

C. C. QUINN,
Vice-Chairman, District Road Cess
Committee, Patna.

Abstract of a Report by the Chairman of the District Road Cess Committee, Gya, on the Committee's operations for the cess year 1879-80.

THE total cess collections, it is stated, were 96 per cent. on the current demand, and it is hoped that the outstanding balance will soon be realized.

The District Committee held seven meetings, at one of which a quorum was not present, and the percentage of the average attendance to the whole Committee was 32·7. The Branch Committees of Jehanabad, Nowada, and Aurangabad have not worked well. They take but little interest in village roads, unless their own interests are affected. The District Committee intend in future to entrust the maintenance and repair of the roads in each sub-division, with the exception of the main lines, to the Branch Committees.

It has not been possible to keep the roads in good order throughout the district, as new works were in progress almost on every line. Owing to the exceptionally heavy rains, and consequent high flood, the contractors failed to finish the works which they had undertaken. Several important village roads have been constructed, especially in the Jehanabad sub-division, under the supervision of the sub-divisional officers. Tree-planting was fairly successful throughout the district. Seven thousand seedlings have been planted out from the nurseries on the road sides, and all the most important roads have trees planted along both sides for about two miles, nearly the whole of the balance at close of the year, it is stated, was actually due for work done.

The Committee's engineering staff are reported to have worked well.

*Abstract of a Report by the Chairman of the District Road Cess Committee, Shahabad,
on the Committee's operations for the cess year 1879-80.*

The cess demand, inclusive of the previous year's arrears amounting to Rs. 20,893, was Rs. 1,66,354; the collections amounted to Rs. 1,40,762, and Rs. 440 were remitted, leaving a balance of Rs. 25,192 outstanding at the close of the year. The balance outstanding was reduced to Rs. 4,079 at the end of December last.

Six meetings were held by the District Committee; a quorum was always present, and the members took an interest in their work. The Branch Committees at Bhabua, Sassaram and Buxar, held 3, 7, and 4 meetings, respectively; but the Branch Committees at Bhabua and Sassaram often failed to form a quorum.

The metalling of the road between Doomraon and Buxar was completed; 20 miles of the Tandooni and Doomraon road, and 18 miles of the Arrah and Sassaram road, were also metalled during the year, and opened to traffic with marked benefit to the country. Rs. 24,855 were expended on village roads, and much has been done towards their improvement; steps are being taken to trace up old village paths which have been encroached on by cultivation, and in many parts entirely obliterated. The nine nursery gardens established in the district have been fully maintained, and two new ones have been started; there will be 46,000 fruit-seedlings available for planting out, and it is expected that 100 miles of road will be planted during the rains. The condition of the roads was generally satisfactory, though there is still much room for improvement, especially in the case of the roads under the Branch Committees.

With the exception of the establishments under the Bhabua and Buxar Branch Committees, the different establishments have, on the whole, worked well.
